

ST. FRANCIS SCHOOL

COMPETITION ON YOUR PRESENTATION WHEN SCHOOL RE-OPENS

Dear Children,

May 22, 2020

Keeping in view the uncertainties and the present situation surrounded by Covid 19, re-opening of the school will be further delayed. In this situation, the school takes maximum effort and ensures that the children are engaged with academics and other co-scholastic activities.

This year, the summer holidays have been rather different. You are confined to your homes, not allowed to go out. The word heard most often is COVID 19!

Hearing this word repeatedly, what effect does it have on you?

DO YOU WONDER ...

1. What is this COVID 19 and what changes it has brought into our world?
2. What impact/effect is it happening on us as students or on our parents/others?
3. What do you want to speak to the world and our Government in the light of the lockdown?
4. How can we be careful?
5. How do we build our immunity?
6. What is the future likely to be?
7. What is the solution/cure?
8. What have we learnt from the lockdown?

IN THE EVENT OF COVID 19 PANDEMIC ...

- ✓ I turn this challenge into an opportunity. Do you... and how?
- ✓ I have a message for humanity. What it is? Tell the world...
- ✓ I thank the Government of my country. How do you do it?

A Competition on Creative Thinking. Use your own creativity based on the clues given above.

- * *You can bring your thoughts/insights/reflections onto paper/audio/chart/through following suggestions that you may follow to express yourself: Drawing/Painting/ Sketch/Collage/ A Letter /Slogan/ Advertisement/ Poem/Article/Essay/Speech etc.*
- You need not use specific data. You can depend entirely on your imagination and creativity
- There will be a class wise display/ competition on your presentations when school re-opens.
- No clarification. Freedom is yours to come up with a piece of work based on the information given above. Take care; enjoy your activity and all the best.

Ms. Joyita Bhatt
Academic Facilitator
