

## ST. FRANCIS SCHOOL

Dear Parents,

April 23, 2020

**COVID 19  
CIRCULAR/23/2020**

Dear parents and children,

There is nothing more important for us than to take care of our life and the life of our brothers and sisters of our country. Remember, the entire St. Francis School Family is with you.

Greetings of peace and good to all of you! I hope and pray that you and our children are home and safe. COVID-19 pandemic has put all of us and our children in an unforeseen and difficult situation.

The world is going through a traumatic experience politically, culturally, spiritually and economically and we are all part of the same experience of life. We are more confronted with the helplessness of our lives and reminded of our common humanity – that the people of this world are our brothers and sisters that we are all one family under God.

This is the time that we all need to keep ourselves connected with God and His people all over the world. Let us hope that one day we shall overcome and win our fight with Corona virus and good times will be upon us very soon. Anything can be faced bravely where there is hope. Hope is very important at this critical time because it can make the present time less difficult to bear. If we believe that tomorrow will be better, we can bear any hardship today.

Dear parents and children, there is nothing more important for us than to take care of our life and the life

of our brothers and sisters of our country. Remember, the entire St. Francis School Family is with you. I assure you that nothing with regard to the school procedures will come as a surprise and we will keep you informed about the next academic year. The re-opening of the school and other formalities before the school re-opens will have to undergo a change and restructure them based on the notification we receive from the relevant authorities of the Government. Therefore, do not be anxious about when the school is going to be re-opened. God will find a way out for us and all the schools SSin our country.

**WE ARE WITH YOU**

Therefore, we don't want to risk your safety by travelling to the school campus unnecessarily. We want nothing more than our School Community and everyone in the Country is healthy and safe in today's prevailing situation.

THE LORD BLESS YOU!;

*Kindly listen/read all the notifications when you receive in your WhatsApp from the School mobile No. +91 9591799150.*

Dear Children, you are all at home without textbooks and syllabus. Do not worry. My humble suggestion to you is to spend some time on your writing skills and speaking skills on a daily basis. Parents are advised to help their children to do some simple activities to enhance their communication skills along with art /craft activities. Our teachers will speak to you from time to time to keep you productively engaged, I promise you.

Dear Parents, **HOLD A FAMILY MEETING:** When facing an unexpected home situation, family meeting with your children is important. Talk to your children about COVID-19 pandemic, the sufferings of humanity, sufferings of innocent people in different countries, sacrifices of doctors, nurses, health professionals, police personnel, public servants and government etc. This is to motivate your children to keep themselves connected with God and participate in the sufferings of humanity.

Remember '*Tough times don't last, but tough people do*'. I am praying for each one of you and your family members. Stay in, stay calm, stay safe! We will keep you in touch with us! God bless you! *Kindly listen/read all the notifications when you receive in your WhatsApp from the School mobile No. +91 9591799150.*
